

Indiana Farm Bureau®

2027

LEGISLATIVE PRIORITIES

PRIORITIZE AGRICULTURE AND RURAL INVESTMENT

- Strengthen investments in the **Indiana State Department of Agriculture and Board of Animal Health**.
 - Support **recruitment and retention** of meat inspectors, veterinarians and other essential staff.
 - Expand **programs at ISDA** such as Indiana Grown, the livestock market reporting program and economic development.

- **Increase funding** for the Animal Disease Diagnostic Laboratory to safeguard Indiana's livestock industry.
 - Fund a **state-based loan repayment program** for veterinarians and veterinarian technicians.

- Invest in rural **health care**, transportation **infrastructure** and **child care**.

- Support beginning farmers and programs that help **transition farms** to the next generation.

CONTINUE PROPERTY TAX AND ASSESSMENT REFORM

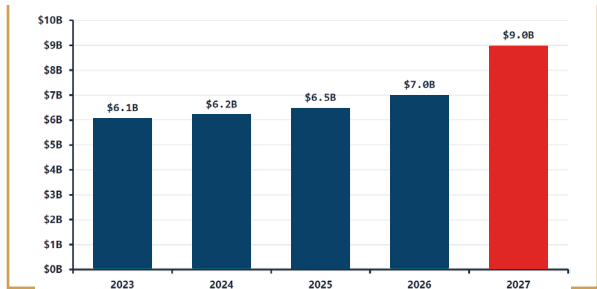

- Build on the **property tax relief** enacted through Senate Enrolled Act 1 in 2025.
 - Move agricultural-use buildings from the **3%** to the **2%** property tax cap.
 - Provide a **1/3 deduction** for eligible agricultural-use buildings.
 - Exempt the first **\$2 million** in business personal property for all eligible filers.

- Strengthen **oversight of the property tax assessment** process to deliver accurate, consistent and transparent assessments statewide.

STATEWIDE IMPROVEMENT AV BY YEAR 2023-2027

Total agricultural buildings assessed value, excludes parcels with homesteads (\$ billions)

SUPPORT INDIANA'S FOOD SYSTEM

- Expand access to **locally grown, nutrient-dense foods** in schools and rural communities.

- Support **state** and **federal incentives** that connect consumers with Indiana farmers.

- Promote **science-based** food policies and avoid a patchwork of state regulations.

- **Reduce regulatory barriers** that limit food production and sales.
